American Legion and VANC

Friday, April 10 @ 1:00pm - 3:00pm

RSVP to rick@vanc.me with your name, email and the number of people in your family. If you have a need for diapers, please let us know what size

The American Legion Post 760 and VANC are having fresh fruits and vegetables and can goods and sundries available to help during this COVID-19 outbreak. Many people are not comfortable going to shopping stores or have temporarily lost their paychecks. We will be having the distribution as a drive through, so no need to worry about breaking the social distancing (6-foot barrier), you will NOT be exiting your car, and we will be putting the food into your trunk. This food distribution is for ALL veterans including active duty and their family members. Please make sure to bring your own boxes or bags (we will not have any). If you need to pick up food for a veteran family please let us know when you RSVP. The response has been so needed that we are now accepting 700 people, (we have over 500 now) so please RSVP NOW deadline is this Friday. We will be sending registration confirmations with your assigned time on Friday. Please feel free to share with your veteran family network! In this unprecedented time, please take advantage of getting FRESH fruits and vegetables.
